The camp will cover individual offensive skills such as shooting, dribbling, and passing through the use of drills and competitive games. Shooting and lay-ups using proper technique will be stressed. Fundamental team concepts will be taught as well. The goal of this camp is to teach players the proper techniques to become a better offensive basketball player.

Current members of the high school staff as well as members of the basketball program will serve as instructors for the camp. Campers are encouraged to bring their own water bottle to every clinic session.
